The Director of Central Intelligence

Washington, D.C. 20505

Intelligence Research &
Development Council

**ARTIFICIAL INTELLIGENCE STEERING GROUP
MEETING ANNOUNCEMENT**

The next meeting of the AISG is scheduled for Monday, 27 August 1984, at 1330 hours in Dining Room C of the National Bureau of Standards in Gaithersburg, Maryland. Our host will be Dr. John Riganati, 921-2705. In addition to our regular business meeting, we will be given a presentation on NBS's Automated Manufacturing Research Facility (largely machine vision and robotics). No clearances need to be passed.

Enclosed is a revised draft of our recommendations to the IRDC. Please review these recommendations and provide comments by 17 August to [redacted] CIA/ORD, Washington, D.C. 20505; (703)

[redacted] A revised final version will be distributed at our 27 August meeting.

We believe the proposed Advisory Panel can provide a valuable service to the Community by bringing together top flight researchers from a variety of AI disciplines and focussing their attention on the information and knowledge processing needs of the Intelligence Community. In addition to a Community-wide view, the Panel could also be made available for advice and consulting to individual agencies as appropriate.
